 - <https://www.bringfido.com>
 - <http://www.brevardfl.gov/ParksRecreation/South/Canova/Home>
- If you are on Facebook, you can “like” Destination Brevard....they always have a lot of great information about this area (restaurants & events).
 - <https://www.facebook.com/DestinationBrevard>
- If you are interested in restaurant recommendations, there's a group that you can join called “321 Flavor: Where Brevard Eats” that can be found here:
 - <https://www.facebook.com/groups/321FlavorWhereBrevardEats/about>

Local Jargon:

- **Eau Gallie:**
 - Pronounced O'Galley.

- **Rocky Water:**
 - It is thought that Eau Gallie was a Native American dialect that meant "Rocky" and "Water."
 - Technically, Eau is French for "Water"
 - Gallie does not technically have a translation to anything.
 - Used primarily in the Eau Gallie Arts District area and for the Rocky Water Brew Fest (also in the Eau Gallie area)

- **Intracoastal:**
 - Most locals pronounce it INTER-Coastal, but really the correct pronunciation and spelling is INTRA-Coastal.
 - Refers to the inland waterway that extends along the Atlantic from Florida up to Boston.

- **Pineda:**
 - Pronounced Pine-EE-Duh.
 - In our area, refers to the causeway that connects the Suntree/Mainland area to the southern tip of Merritt Island and Satellite Beach.

- **Lake Washington**
 - Not an actual town, but an area of Melbourne, FL.
 - Known for its proximity to Lake Washington (east of I-95) and one of the main roads, Lake Washington.
 - Area where lots tend to be a little larger, more mature trees, and some homes are zoned to allow horses.

- **Area Code 321**
 - Our area code used to be 407 until it switched to 321 (for Countdown 3-2-1 Blast Off!) in November 1999.

- **Suntree**
 - Not an actual town, but an area of Melbourne, FL.
 - Known for its golf course community
 - Located between the Lake Washington, Palm Shores, and Viera areas.

- **Viera**
 - Technically not a town/city (but they are working on that).
 - Located mostly in Melbourne, but some parts of Rockledge as well.
 - The newest developed area of Brevard County.
 - The land used to be cow and sod pastures owned by the Duda family.
 - Viera's HOA is very particular on the builders they allow to develop in their subdivisions with Viera Builders being the largest one.
 - Known for large sidewalks, power lines buried underground, and new construction homes.

- **Brevard**

- Pronounced “Bruh-Vard”
- This is the county in which we are located.
- It is the 10th largest county in Florida.
- The county is long and skinny, extending 72 miles from north to south, making us the longest ocean coastline county in the state.

- **The Space Coast**

- This is the local region that takes up most of Brevard county.
- This nickname came about because NASA is located in our county, in addition to the shuttle, and now, rocket launches.
